INSTITUTE OF EMINENCE, UOH

Set peacefully amidst the perennial green cover of Gulmohar and Mahogany, University of Hyderabad (UoH) spans about 2300 acres in the prime IT hub of the city and is among the finest institutions for higher education in India. UoH has been recognized as a "University of Excellence" by the University Grants Commission (UGC) and was simultaneously awarded 'Grade A' by the National eously Assessment and Accreditation Council (NAAC) and ranks 4th in 2019. It received the PURSE award from the Prime Minister of India. It has been given the status of an "Institution of Eminence" by the Government of India in 2019. Established in 1974 with Prof. Gurbaksh Singh as its first vice-chancellor, UoH, also known as Hyderabad Central University (HCU), has emerged as a leading center of teaching and research. With 46 different departments and centres in 12 schools of study, the University has over 400 faculty members and over 5000 students enrolled. The university offers about 150 different courses of study, ranging from Master's Programmes and Doctoral Studies along with 5-year Integrated Master's Programmes. The UoH campus is a self-sufficient haven, housing 23 hostels, 2 shopping complexes, 4 multipurpose auditoriums, a health center, a well-equipped library and reading rooms. Most members of the faculty reside inside the university premises. The entire campus is connected on 1 Gbps NKN connectivity and is Wi-fi enabled.

SCHOOL OF ECONOMICS

The School of Economics (SoE) had humble beginnings as a Department of Economics in 1979 and was upgraded to its current stature in 2012. With its enriched course content and splendid faculty caliber, it stands out as one of the most sought-after destinations for higher education in Economics. Characterized by a diverse range of academic offerings, the M.A., I.M.A., and Ph.D. programs incorporate a balance of theoretical analysis & quantitative reasoning, enabling students to tackle emerging imperatives in economics. The School encourages quality research programs through collaboration with Indian & International Institutes. The faculty has also made several research-based contributions in major fields of economics. The School has also been recognized as a Centre of Advanced Study (CAS) Phase-1 by the University Grants Commission. Teaching & Learning at the School is defined by a diverse range of academic offerings & exposure to a multiplicity of paradigms. Students are trained by renowned faculty which seeks to prepare well-equipped economists who can tackle new emerging imperatives in economics.

FROM THE DESK OF

VICE-CHANCELLOR

Dr. B.J. Rao
Vice-Chancellor UoH

Dear Recruiters,

I would like to take this opportunity to welcome you to the University of Hyderabad (UoH). UoH has been consistently ran-ked as one of the best destinations to pursue higher education in the country across disciplines. The University Grants Commission (UGC) has granted Grade-I autonomy to the University of Hyderabad for maintaining high academic standards. Recognizing its exemplary academic excellence, the University has been accorded the status of “Institute of Eminence." The University has proactively taken various steps to uphold academic integrity and excellence during the pandemic. The students of the University are offered various interdisciplinary courses and are actively encouraged to take them up to expand their horizons. With over 400 teaching staff, more than 5000 students, 12 schools and 42 departments of excellence, and 17 centres of Research, UoH is one of the most vibrant campuses of the country. The School of Economics, University of Hyderabad is one of the most prestigious Economics Schools in the country. The Integrated Master's and Master's programs offered by the School are among the most sought-after programs by the nation's brightest students, with an ever-increasing number of applicants. The course structure of the School incorporates a balance between theoretical analysis and quantitative reasoning. The students are trained to be well-equipped economists capable of tackling emerging imperatives in the subject field. The Placement Cell, School of Economics has been created to act as an interface between the Industry and our students to facilitate on and offcampus recruitment of our talented and industrious students. I am pleased to present to you our 2023-2024 batch students of School of Economics and hope to establish a long-term relationship between our two organizations.

FROM THE DESK OF

DEAN, SCHOOL OF ECONOMICS

Dr. R.V. Ramana Murthy
Dean School of Economics, UoH

I would like to extend a warm welcome to you on behalf of the School of Economics, University of Hyderabad. The academic programs offered by the School in Economics and Financial Economics are sought after by the brightest of minds in the country. I take immense pride in presenting you, a set of highly skilled students in the field of Economics. The School offers two post- graduate programs and two Integrated Master's programs in Economics and Financial Economics. The programs, with their in- built flexibility, enable the students to handle various subjects cutting across different dimensions of economics such as Econometrics, Money & Finance, Game Theory, Public Policy, Natural, and Human Resource Economics. The programs train the students to handle and analyze data using software such as Python, R, and STATA. The school trains students in the mainstream as well as in Heterodox traditions in economics, which trains them in alternative perspectives. The events organized by the School aid the students in developing various skills: logical reasoning, problem-solving, group discussion, debating, and presentation. Over the years, our alumni have occupied various roles across a wide variety of sectors such as data analytics, finance, investment banking, sales & marketing, media, research, and policy-making. It gives me immense pleasure to present before you a set of well trained students who are adaptable to various circumstances. We look forward to a positive response from your side. In addition, we also hope to establish a long standing relationship between our two organizations.

FROM THE DESK OF

PLACEMENT CELL COORDINATOR, SCHOOL OF ECONOMICS

Dr. Alok Kumar Mishra
Placement Cell Coordinator, SOE

It is with great pleasure that I invite the potential recruiters to the School of Economics, University of Hyderabad, an institution of eminence, to participate in the current internship season. Our university has earned a distinct position as one of the premier universities as per the NAAC Survey, top ten by NIRF and ARII survey, and top 600 by QS ranking. We focus on the overall development of our students and craft them for both the academic and corporate worlds. We have fostered the industry association for more than a decade and wish to continue with our new recruiters. The curriculum of the two flagship PG programs and the Integrated master's in economics program is designed to make students industry-ready. The students are trained to analyze data using multiple sophisticated statistical tools such as R-Studio, Tableau, Stata, Python and Power BI through various customized workshops. Additional workshops on soft skills and technical skills are conducted to make the students fit for the competition and challenges ahead. Our students are equally sound in the theoretical foundation of economics and finance as the school follows a balanced paradigm of economic thoughts. The students are trained beyond the textbooks to develop creative thinking from out of the box, instant problem-solving skills, time management skills, project management skills, communication, and writing skills. Through our latest initiative Alumni Talks and Corporate Talks, we have established an association with our alumni, occupying various roles, which gives them an insider look into a wide variety of sectors. This gives the exposure to our students to easily fit into multiple roles across verticals like business analytics, market analytics, data analytics, data science, investment analytics, to name a few. With this, I heartily welcome all the recruiters to take part in the placement process for the current academic year 2023-24 and pick the best of minds.

OUR FACULTY

DEAN

R.V. Ramana Murthy, M.A, M.Phil. Ph.D. (UoH) Specialization - Indian Plan Models, Planning in India, Economics of Business Enterprises.

PROFESSORS

- Naresh Kumar Sharma, Ph.D. (ISI, Delhi),Specialization - Economic Theory, Gandhian Economic Thought, Money & Finance, Development, Science and Technology

- Motilal Bicchal, Ph. D. Specilization - Macro-monetary

EMERITUS PROFESSOR

- Kamaiah Bandi, Ph.D.(IIT,Bombay) Specilization - Monetary and Financial Economics.

HONORARY PROFESSOR

- Dr. Prasanna K. Mohanty, Post-Doctoral (Harvard University), Ph.D. (Boston University), Specilization - Land, Housing, Transport and Urban Economics

CURRICULUM

CORE PAPERS

MA ECONOMICS

Macroeconomic Theory
Microeconomic Theory
Mathematics for Economics
Statistics for Economics
Econometrics
Mathematical Optimization
International Trade &Payments
Theory of Economic Growth
Classical Political Economy
Public Finance
Political Economy of Development
Indian Economy Post Independence

MA FINANCIAL ECONOMICS

Macroeconomic Theory
Microeconomic Theory
Financial Statement & Analysis
Econometrics
Mathematical Optimization
Game Theory
Financial Economics
Money, Banking & Fin. Markets
Time Series & Spectral Methods
Financial Derivatives & Risk Management
Corporate Finance
Financial Econometrics
Financial Modelling
Probability and Statistical Inference

*** Dissertation**
For Financial Economics students, the dissertation is compulsory and for others, it is optional. 4 credits are given for the paper and a proper process involving a presentation and viva is followed to evaluate and scrutinise it, only then a student is given a grade for the same.

ELECTIVES

Development Economics
Economics of Discrimination
Development Economics I & II
Health Economics
Labour Economics
Capital Theory
Law and Economics
Economic Development in S-E Asia
Industrial Organization I & II

Econometrics
Basic Econometrics
Financial Econometrics
Panel Data Econometrics
Time Series and Spectral Methods

Public Policy
Environmental Economics
Agricultural Economics I
ssues in Indian Public Policy
Urban Economics and Policy
Transport Economics
Land Economics

Assignments
Along with regular assessments, there are at least 2 assignments per subject that are given per semester to each student to press on the practical use of subjects.

Financial
Financial Economics
Fixed Income Securities, Debt Markets and the Macro Economy
Financial Derivatives and Risk Management
Corporate Finance
Financial Modelling
Empirical Finance
International Finance
Money and Banking
Behavioural Finance
Financial Statement Analysis
Business Analytics

Mathematics
Game Theory I
Game Theory II
Mathematical Optimisation
Probability & Statistical Inference

Microeconomics
Theory of Economic Growth
Introduction to Social Choice Theory
Behavioural Economics
Industrial Economics
International Trade & Payments
New Institutional Economics
Transitional Economics

EVENTS IN ACTION

- **We hosted the 57th Annual Conference of The Indian Econometrics Society (TIES)**

  The Indian Econometric Society (TIES) is a registered society under Public Societies Registration Act, formed in 1960. It is one of the oldest and largest bodies of professional econometricians and quantitative economists with more than 2000 members from all over India and abroad. Many remarkable economists from all over India attended the event and presented their papers.

- **Crack Data Science Interviews with "Last Bench"**

  Placement Cell - School of Economics organized an online session of "Corporate talks" with Mr. Sayantan Dawn, co-founder of Last Bench. Last Bench is an organization providing one on one mentorship to students aspiring to become data analysts.

- **Hands-On SQL Training**

  The Placement Cell, SoE, hosted a hands-on SQL workshop by Vyas Adithya, Lead Instructor for Excel and SQL Module at Pathsetter and Chief Data Analyst & Mentor at Masters Mentor.

- **Career Prospects- A nutshell review of what entails working in the private and public sector**

  An engaging session was conducted with Mr. Ashish Desai who delivered an interactive talk on 'Career Prospects: A nutshell review of what entails working in the private and public sector'. Mr. Ashish Desai is the Director- NITI AAYOG, Development monitoring and Evaluation office.

- **Talk with a notable alumni**

  Dr. Shrikant Dash, a strategic advisor to several companies including Brewer Lane and Tech4th Solutions. He was recently Chief Lending Officer at Alliant Credit Union.

  The topic of the talk was: Formal and Institutional Approaches to Political Economy.

- **Stata workshop by Young Economist School(YES), School of Economics, UoH**

  It was a two-day hands-on training programme on data-handling with STATA. Participants were introduced to handle large scale datasets such as NSS, IHD, etc.

ECONVERSE

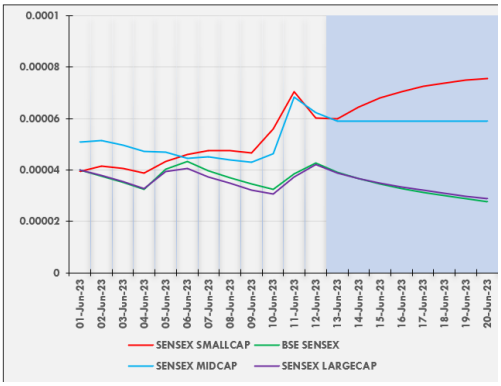

Econverse, an undertaking led by students of the School of Economics at the University of Hyderabad, serves as a platform for exploring the dynamic macroeconomic environment and financial market of the Indian Economy. This initiative presents a monthly economic outlook that offers an in-depth examination of the economic terrain complemented by a financial market forecast grounded on conditional heteroscedastic class of models. Within its pages, readers will find a thorough and thought-provoking analysis of the ever-evolving economic landscape, uncovering crucial trends and developments that influence the financial markets.

Econverse additionally offers a fortnightly series that delves into different domains of economics. These series encompass a wide range of subjects, including “Bank Today to Bank on the Future” and “CBDC,” among others, providing readers with a more profound comprehension of emerging economic concepts and their consequences. In our biweekly series, we have fostered collaborations with esteemed Indian institutions such as Jamia Millia Islamia and Assam University. These partnerships have facilitated the generation of innovative ideas and perspectives, thereby enhancing the quality and depth of our magazine and series. By working together with these institutions, we aim to broaden the scope of our content and provide readers with a more diverse and enriching experience.

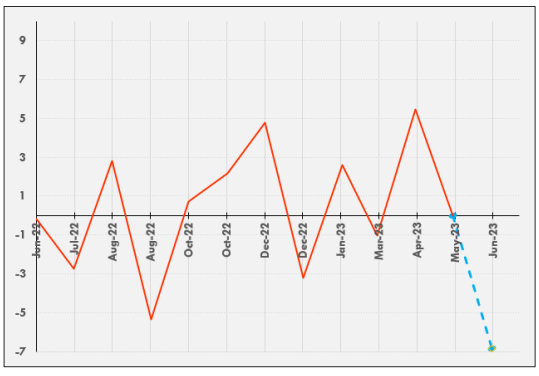

The professors at the School of Economics play a vital role in supporting and actively participating in the biweekly series. They contribute their expertise through expert columns, enriching the content of the series. An excellent example of this is Prof. Raja Sethu Durai, who has written a thought-provoking article titled “Voting Fallacy in GST Council.” Their valuable insights and contributions add depth and insight to the series, ensuring a well-rounded and informative reading experience.

Looking ahead, the future prospects of Econverse and its endeavors appear promising. With a strong foundation built on the collaboration between students, professors, and esteemed institutions, Econverse is well-positioned to continue its mission of bridging the gap between academia and practicality in the field of economics. By embracing innovation, fostering partnerships, and nurturing the talents of students, Econverse is poised to remain a dynamic platform that offers valuable economic analysis, insights, and perspectives for years to come.

BACKGROUND BEFORE UG

COURSES

SOFTWARE KNOWLEDGE

WHY SHOULD YOU HIRE US?

- Analytical and Problem-solving Skills
- Quantitative skills
- Research and Writing
- Statistical Skills
- Communication and people skills.

School of Economics, University of Hyderabad is a home to students taught by an exceptional faculty who have helped students not only build a strong theoretical base but also solve real life problems. Our students of economics possess a strong foundation in analytical thinking and problem-solving, most of whom are familiar with softwares like MS Excel, STATA, R, Python, SQL and Tableau. They possess a strong grasp of economic theories, market dynamics, policy frameworks, and consumer behaviour.

Our economics program instills a strong sense of professionalism and ethical values in our students which enable them to thrive in dynamic work environments.

INDUSTRY RELEVANCE

The students of economics from Hyderabad Central University hpossess knowledge that has a high degree of industry relevance in today's dynamic and competitive market. They are trained in various aspects of economic theory and analysis, such as microeconomics, macroeconomics, econometrics, development economics, public finance, and international trade. They also acquire skills in data collection, statistical methods, mathematical modeling, and computer applications. These skills enable them to apply economic principles and tools to solve real-world problems and provide valuable insights for decision-making. The students of economics from Hyderabad Central University are well-prepared for careers in various sectors, such as banking, finance, consulting, research, policy-making, education, and media.

PLACEMENT GUIDELINES

The Placement Cell, School of Economics, in order to have a smooth and efficient placement season for the students of economics, has adopted the following guidelines.

RULES:

1. If a student registers for a placement cell activity and then fails to turn up for the same, they will be given two more chances before they are blacklisted from the cell.

2. There is no limit to the number of opportunities you can apply to until you receive a job offer.

3. A student will not be allowed to appear for any other opportunity after obtaining one job offer from any organization, irrespective of the packages.

4. If any candidate has read the JD and then applied for the company's placement but fails to appear for the process further, he/she will be blacklisted.

5. Candidates who have applied for a company without receiving the JD have a chance to withdraw their application once they receive the JD later.

6. All the shortlisted candidates, after they qualify the first round of placement drive will have to make sure that they are present for all the subsequent round(s), absence will lead to getting blacklisted since it negatively reflects on the school's reputation. It also robs other candidates the opportunity of having been selected.

7. If a candidate is in loop for multiple companies simultaneously, getting selected by one of those companies will result in disqualification of the candidate from the remaining opportunities.

8. If a candidate has secured an internship (without A PPO Option) through Placement Cell, he/she cannot sit for another internship opportunity. However, they can sit for Full Time opportunities as well as for opportunities that offer Internship with PPO option.

Notice:

The rules this year have been made specifically to ensure there is equal opportunity for all in these testing times we face. You may notice some roads have been narrowed and some have been broadened. We expect everyone to co-operate and we most certainly hope we witness a good season of placements. These rules are subject to change only if the average number of offers received goes up. Until then, these are not open for discussion as well.

Notes:

JD: Job Description
Blacklisting: You can no longer avail the services of the Placement Cell.
PPO: Pre Placement Offer
