The plan of action chalked out by the IQAC in the beginning of the year towards quality enhancement and the outcome achieved by the end of the year.

Plan of Action	Achievements
Quality policy of the University, Vision and Mission of IQAC.	The Vice-Chancellor explained the quality policy, vision and mission of the University of Hyderabad. He also emphasized the importance of quality and how it can help the University to become a world-class entity. He called for all possible efforts to be made by the University fraternity to achieve this objective, for which the IQAC can play a vital role in implementing the quality vision and mission. Towards this end, the University should incorporate innovative ideas practiced by other Universities.
The IQAC also should take an active role in implementing Choice Based Credit System (CBCS) and help the University in formulating better grading system in evaluation.	A committee and modalities of implementation has provided inputs. Schools and departments are examining the core and proximate options for implementation. School boards have been specifically requested. The issue of large classrooms has also been addressed through the additional rooms provided in the new lecture hall complex.

4.2 Computerization of administration and library

The Indira Gandhi Memorial Library is a central facility providing information support for academic and research activities of the University. The Library was established in the year 1975 and shifted to the present building during 1987, which was inaugurated by His Excellency Dr Shankar Dayal Sharma, the then Vice-President of India and named after Late Prime Minister Indira Gandhi. All the in-house Library Operations are fully computerized including the Web OPAC using the international Library Management Software Virtua supplied by VTLS inc., USA. The UGCINFLIBNET has identified the Library as one of the 22 JCCC- UGC INFONET document delivery centers in India for providing photo copies of journal articles to the research scholars of other Universities. Since 1990, the Library has achieved several distinctions in the country as following:

a. The IGM Library is the first University Library to computerize all in-house operations.
b. The first Library to take up turnkey projects to computerize other Libraries (Dr. B.R. Ambedkar Open University, A.P., and City Central Library, Hyderabad, A.P.)
c. The first University Library to start PGDLAN Course under Centre for Distance & Virtual Learning Education mode since 1998
d. The first University Library to subscribe nearly 35,000 Electronic Journals and databases.
e. National Board of Higher Mathematics (NBHM) has identified this Library as Regional Library for Southern Region.
f. The first University Library to establish a Centre of competency in digital libraries and e-learning with the assistance from SUN Micro systems and UGC.
g. The first University Library to install 3M Security Gate to avoid book thefts.
h. The first University Library to become a governing council member of OCLC, USA.

Library collection:
The Library has rich collection of over 4 lakh books, e-journals, e-books, reference books, serials, Theses & Dissertations, back volumes of journals, maps etc. The Library has over 2500 Braille books for visually challenged students and separate book bank for SC/ST students. During the financial year 2015-16, the Library acquired 2256 books by spending Rs. 34.45 lakhs. Apart from this, the Library has received 660 books as gift from various sources worth approximately Rs.1.51 lakhs. The Library subscribing 301 print / online journals and 43 databases including UGC e-Shodh Sindhu covering more than 35,000 e-journals.

Computerization:
The Library has excellent IT infrastructure to manage all in-house operations as well as to provide specialized information services to the faculty and students over the Campus network. The hardware consists of IBM servers, storage devices, ZEUTSCHEL book scanners, hand-held laser scanners, laser printers and 90 PCs. The Library is using VIRTUA application software and operating systems like SOLARIS, UNIX/LINUX, WINDOWS XP and WINDOWS-7. The Library uses barcode scanners for issue, return and renewal of books for accuracy and efficiency. 24 PCs are placed at the entrance Lobby for OPAC, e-mail and internet browsing. Similarly, 8 PCs are kept in the Library reading halls exclusively for searching of book data bases. The Library is connected to the Campus Network through 100 mbps optical fiber channel. The Library resources can be searched over the internet through OPAC. The Library is enabled with WI-FI connectivity for the use of laptops.

Digital Library:
The IGM Library has established a model digital Library by signing MoUs with SUN Micro Systems and VTLS, USA. Under these MoUs, a Centre of Competency in Digital libraries and e-learning was established to undertake R & D activities by using Open Source Software and to create digital content in the University. Currently this facility is being used for conducting hands on training and practical classes for PGDLAN students. The Library is also a member of Universal digital library project of Carnegie-Melon University, Pittsburg, USA(Million books to the Web). Under this project, a scanning centre was established in the Library to digitize rare books. The Library has signed MoU with UGC-INFLIBNET Centre, Ahmedabad, to digitize and upload full text Ph.D. theses submitted to University of Hyderabad. Already 1004 Ph.D. theses were digitized and uploaded to UGC-INFLIBNET Shodhganga project. The Library is also making efforts to establish ETD Lab. to digitize the remaining theses and upload to Shodhganga Project under special grants provided for this purpose by INFLIBNET.

Readers services:
During 2015-16, 76,544 book transactions were made at circulation desks, i.e., issues, renewal and returns. Around 2500 scholars from other Universities and research laboratories visited the library for reference. The inter-library loan requests of the students, research scholars and faculty are being fully met with close co-operation from other libraries. The Library has supplied 600 articles under the Document Delivery Service to research scholars of other Universities. Library orientation programmes are conducted for newly joined students to familiarize them with the library services, resource and rules. The Library is also conducting orientation programmes on research methodology for social science research scholars. The website is meticulously designed with several e-resources which are helpful to the library user community.

Institutional membership:
Five Research and Development Centers & Corporate organizations have enrolled/renewed themselves as institutional members by paying the prescribed annual membership fee, to make use of the Library resources and facilities.

Reprography services:
The IGM Library provides reprography (photocopying) service inside the Library to all its members. A private firm has been engaged for this service during the working hours to all the library users at a nominal charge of Rs.0.50Ps. On an average, 4,000 photocopies are taken out every day.

Facilities for the visually challenged:
Visually challenged students have access to library resources through 5 multimedia PCs with JAWS and KURZWEIL speech synthesizer software, which enables to read-out the documents placed on the scanner. In addition, two workstations with Zoomex, readers are added to scan and convert image into text on the screen to enable the students to hear and also save the text. This facility is extensively used by the visually challenged students to read and print without anyone's help. A separate Braille printer is provided for printing regular text in Braille script.

Air-conditioned 24 x 7 Reading halls:
The IGM Library has two separate reading halls adjacent to the library, which are fully air-conditioned and being kept open round the Clock through-out the year. Students can bring their personal books, issued books from the Library and study in these halls without any disturbance. These reading halls have the capacity to accommodate 200 students at a time, and it is being used extensively. The reading halls are enabled with wireless network points, where students can search/browse e-journals subscribed by the library from their Laptops.

PG Diploma in Library Automation and Networking:
The IGM Library under the agies of the University's Centre for Distance and Virtual Learning Started a highly focused one year course – PG Diploma in Library Automation and Networking (PGDLAN) in January, 1998. This course is the first of its kind in the country, where a University Library is conducting an advanced level course under Distance Education mode. About 50-80 students are admitted every year.

6.3.5 Library, ICT and physical infrastructure / instrumentation

Library has its own ICT Section, having IBM Server, Storage Server, Backup Server (auto-backup) and Web-Server, the library database is available on 24x7 basis. The library is using library automation software called VTLS, back-end with ORACLE, having all the features of the modern library system, even the full-text of books/thesis/dissertation can be integrated and made available on the Web.

The University Grants Commission (UGC) and the Ministry of Human Resource Development (MHRD), Department of Science & Technology (DST) and the Department of Biotechnology (DBT) and other funding organizations have extended their generous support to the University throughout the year for development of ICT and physical infrastructure in the University.

Holding the distinction of FIRST building to come up in the vast University campus in 1979, the Central Instruments Laboratory (CIL) is a centralized instruments facility with the state-of-the-art analytical equipments to cater to the needs of Science/Engineering/Medicine schools of the University. CIL has been playing a crucial role of providing the instruments support to the research fraternity of the University. The sophisticated instruments at CIL cover a broad range of research fields viz., microscopy, diffraction based instruments (Spectrometers), thermal and magnetic property measurement. The facility is equipped with the following instruments: 1. Scanning Electron Microscope (SEM) with Energy Dispersive Spectrometer (EDAX), 2. Confocal Microscope (CFM), 3. Powder X-Ray Diffractometer (XRD), 4. Vibrating Sample Magnetometer (VSM), 5. Electron Spin Resonance Spectrometer (ESR), 6. Differential Scanning Calorimeter (DSC), 7. Thermogravitometer-DTA (TG-DTA), 8. Circular Dichroism (CD) Spectrometer.

CIL offers educational visits to the participants of short/long term courses conducted at science schools of the University. The CIL staff has also been sharing their experiences in the academic program of the University. The areas of specialization of the staff at the CIL include Mass Spectrometry (lab-based and space-borne), Radiation Spectroscopy (X-Ray, UV-VIS-IR), Microscopy, Advanced Electronics, Design and Development of Microprocessor and Microcontroller – based Systems, Embedded Systems, Advanced Instrumentation systems design.

The Computer Centre was established in 1985 to facilitate, foster, and support the essential teaching and research goals of University of Hyderabad through the deployment and delivery of computing and communication services to the University's faculty, staff, and students. As part of teaching process, students have access to computers for their course or project work. Its facilities are also used in work related to administration such as recruitment, academic, examinations, finance etc.

In 1993, ERNET selected University of Hyderabad to be one of the transit nodes for Internet connectivity with a narrow bandwidth of 9.6 Kbps. It was made operational through VSAT dish antennae. This transit node at the computer centre provided Email/Internet services to educational and research organizations in Andhra Pradesh such as IDRBT, NFC, DMRLetc. Further 128 Kbps microwave and 2 Mbps backbone links were established in the year 2000-2001 respectively. UGC funds allocated in the year 2000, was utilizedto increase the number ofterminal points available to users. The UGC grant allocated in the year 2001 helped establish thel Gbps structured SM fiber optic network for the University. Further this expanded as a 2 Mbps point-to-point leasedline between UOH and IDRBT, 2 Mbps UOH - Infosys (Hyderabad) – Bangalore leased line, and128 Kbps ISDN line. In the year 2006, the bandwidth available to the University was enhanced to 4 Mbps. All residential buildings, hostels, and upcoming buildings were connected to the backbone network. Fourteen Wi-Fi towers wereerected at different locations to create wireless hotspots. Consequently, the bandwidth was upgraded to 1 Gbps. A new email server was installed, and user authentication services were made operational.

With the expansion of the computing activities into different horizons the University distributed the staff at computer centre to various places such as A.I. Lab, CMSD, Campus Network Facility, Admin Computer Centre, F&A Computer Centre, Automated admission office, Centre for Integrated Studies at South Campus and other Schools/ Centers to tap their inherent potential.

The Centre is equipped with Pentium systems, Colour and Black/White Laser printers, Cannon IR 2530 xerox cum printer, Scanners, CD writer etc.Ten i3 Systems with LINUX/Windows 8 operating system have been earmarked for training/workshops. The computer centre has also installed 7 surveillance cameras inside the centre for monitoring purpose in the academic year.

Promoting Physical wellness and health is the main motive of the department and it strives to achieve the same with all possible means. The department promotes this culture by encouraging the students and various student groups to organise sports and other physical activity events very regularly. The department provides support and help to any voluntary group which aims to promote physical culture in the campus. There are groups like runners group, cyclists group, walkathon group etc. The University believes in the development of infrastructure upon which the physical activities can be promoted, hence the University is keen in developing excellent infrastructure in physical education and sports area.

At present the University has three different sports complexes. One is new sports complex, another one is Yoga centre complex and the third one is South campus sports complex. The new sports complex has a multipurpose open stadium with 400 meters standard track facility. There is an indoor stadium with maple wooden flooring for dedicated Badminton activity. A state of the art fitness centre is also situated in the new sports complex with excellent fitness equipment's at the centre. Recently, one excellent indoor sports centre been established, which houses Table Tennis, Carroms, Chess etc exclusively. At the Yoga centre complex, there is a dedicated and well maintained football field, along with an exclusive Yoga Centre, which is another indoor stadium. In this complex, synthetic tennis courts complex also been created last year and this is of international quality. Recently two Kabaddi courts have been developed for the students. South campus sports complex has a synthetic basketball court and two synthetic volley ball courts with flood light facility. The University has already received funds from UGC for construction of another Fitness centre at the Yoga centre complex and also to develop gallery in the indoor stadium complex. This way the University of Hyderabad is having very excellent infrastructure in sports and games and is still keen to develop more infrastructures in the coming years to encourage the physical activity culture in the University.

6.3.6 Human Resource Management

The students are provided an

	insurance coverage of Rs.75,000/- for one year period, besides personal accident coverage of Rs. 1.00 lakh. The Health Centre has 4 doctors with the necessary supporting staff to provide 24 hours comprehensive medical care to the students, staff, faculty and their authorised dependents in addition retired employee are also provided medical treatment round the clock. The Health Centre has and X-Ray facility and pathological and a Bio-chemical lab for conducting primary investigations for treatment of patients. It also has a well-equipped physiotherapy centre which provides physiotherapy treatment to the patients. A Clinical Psychologist, Ophthalmologist, Physiotherapist are available for consultation. The emergency room has primary emergency medical facilities along with ECG machine and supporting equipment for primary medical emergency care. The Health centre has an ambulance for the convenience of patients during emergencies. The Students have the facility of insurance cover of Rs.75,000/- by which they can avail medical treatment in any place in India. The employees are referred during emergency to authorised multispecialty Hospitals for further treatment. ii) Guest House Accommodation for Parents. iii) Financial Assistance for Students. **Financial Assistance:** The Dean, Students' Welfare recommends for sanction of financial assistance as and when such requests are received from students for medical expenses, academic needs, educational and sports tours. These representations are normally considered only when they are routed through the Head of the Department and Dean of the School, depending on the availability of funds. However, the DSW recommends for free studentships, waiver of late fee (semester registration) etc., in the case of limited number of deserving cases.

6.10 What efforts are made by the University to promote autonomy in the affiliated/constituent colleges?

University doesn't have any affiliated constituent colleges.

6.11 Activities and support from the Alumni Association

Dr. S. Arulmozi, Deputy Dean, Students' Welfare looks after the Alumni Cell activities. The Alumni cell endeavors to connect through the portal - http://100pins.com/signup/uohyd as well as organizes alumni meet every year. During the last Alumni Meet (April 2015) UoH Alumni Association was formed.

6.12 Activities and support from the Parent – Teacher Association

-

6.13 Development programmes for support staff

The university regularly conducts training programmes for non-teaching staff to upgrade their knowledge/expertise with the functioning of the official procedures including computer uses.

6.14 Initiatives taken by the institution to make the campus eco-friendly

1. The Hostels management were advised not to use plastic cups and glasses for serving the food items.
2. The Canteens in the University were advised not to serve the tea and food items in paper plates and cups but to serve in earthen made cups (reusable) and stainless steel plates.
3. All the faculty members, students and non-teaching staff have been sensitized to put off the lights, fans, air conditioners and other equipment's while venturing out of their rooms/classrooms/work spot.
4. The bulbs and tube lights have been replaced with fluorescent and LED bulbs wherever possible to reduce the consumption of electricity.
5. Everybody in the Campus have been sensitized not to waste the water and turn off the taps soon after the purpose is over.
6. Plumbers have been specially engaged to arrest the leakage of water and to repair the faucets immediately.
7. In order to bring down the usage and wastage of papers, a project is undertaken by the University to switch over to e-governance and to make the governance paperless.
8. Waste garbage from all residential, hostel, academic and non-academic buildings are being collected and being disposed effectively. It is ensured that cleanliness is maintained throughout the Campus.
9. Smoking and consumption of liquor in the university premises is banned.
10. About 10 check dams were constructed to harvest the rain water. Similarly, the de-silting was done for all the 5 lakes exist on the campus and the bunds were also further strengthened with the help of Government of Telangana under the scheme Mission Kakatiya. This has helped storing more rain water in these lakes resulting into the improvement of ground water table.
